CUSTOM ORDERING (MIX & MATCH)

Specific variations can be ordered by request. If you prefer a kepi head for your confederate figure, simply add 'K' to the end of the figure code description.

For example: C27-K becomes Confederate Infantry - Knees bent - Firing with Kepi.

The same can be done if you require a union infantryman in slouch hat.
Simply add 'S' to the U Series figure code.

For example: U4-S becomes Union infantry - Standing - Rifle at ready with Slouch hat.

If you prefer, you can order any figure from the 'U' range and specify that you want that figure with a Hardee hat head or a Black US infantry head.

Simply add 'H' (Hardee Hat head) or 'B' (Black US Infantry head) to the figure code.

For example: U5-H becomes Union infantry in sack coat - Kneeling - Firing with Hardee hat.

See examples pictured below.
