Las figuras de esta serie se pueden pintar, con el uniforme de varios cuerpos y variedades de uniformes, para no reiterar los mismos dibujos, y variando solamente su primera cifra en la referencia de la infanteria, y la segunda en la artilleria, ofrezco a continuacion un cuadro por el cual podemos ver de forma rapida la referencia deseada, en la caballeria y en el mismo orden que los dibujados dentro de las cifras comprendidas en cada grupo.

Como ejemplo la figura N^o11 abanderado de infanteria de linea, en cazadores seria el N^o111. En artilleria la figura del sargento en el uniforme de rayadillo pasaria del N^o 2051 al 2251. En caballeria el N^o1001 guion de lanceros pasa a ser en husar de Pavia el N^o 1801
